

Name _____

How Big Is a Foot

Listen to the story and then answer the questions.

1. Why was the bed a different size?

2. How did the problem get solved?

3. What else might the queen need now that she has a bed?

4. Use your shoe and a parent's shoe and measure around your bed.

Shoe	How many
Parent's Shoe	
Your Shoe	

5. How was your parent's shoe different from your shoe?

6. Why were the measurements different?
